### General Terms

1. This certificate is valid as long as the terms of the above technical specifications themselves or the manufacturing conditions of the essential manufacturing factory have not changed significantly.
2. This certificate may only be reproduced or published for advertising or other purposes than as a whole. The text of promotional material doesn't have to be in conflict with this certificate.
3. In case of any doubt as to the suitability of the manufacturing factory (ies), there is the possibility reserved by the inspection authority to carry out an unexpected spot check in the manufacturing factory paid by the manufacturer.
4. This certificate may be withdrawn at any time with immediate effect and be amended or modified if the conditions under which it has been granted, have changed, or if the terms of this certificate are not met.
5. The following changes must be reported to the inspection authority:
  - a) New production or significant changes to essential manufacturing facilities
  - b) Change of welding coordinator
  - c) Inception of new welding processes, new base materials and related WPQRs
  - d) New essential manufacturing facilities

The inspection authority will cause a supplementary examination in the cases cited.
